EMPLOYMENT

| | | |
|-----------------------------|----------------------|----------------------------|
| Full-Stack Developer | Coding Temple | July 2018 - Present |
|-----------------------------|----------------------|----------------------------|

- Delivered various full-stack web applications using Python, Flask, React.js and SQL on schedule.
- Developed E-commerce web applications with a secure back-end to handle financial transactions.
- Designed layouts and converted them into responsive, mobile optimized HTML pages and components using React and core JavaScript.
- Used Python NumPy, SciPy and Pandas packages to perform dataset manipulation and statistical analysis.
- Handled data migration between sources and composed complex queries on SQL to extract data from relational databases.

| | | |
|--------------------------------------|--------------------------------------|---------------------------|
| Senior Sales and Rental Agent | Cambridge Premier Realty, LLC | Dec 2016 – Present |
|--------------------------------------|--------------------------------------|---------------------------|

- Signed and cultivated exclusive client relationships by consistently delivering above expectations with quick turnover times and returns 5-10% above comparable market offerings.
- Negotiated 60 or more complex contracts annually in a dynamic, fast-paced marketplace.
- Averaged 10 new listing acquisitions monthly and created attractive marketing materials paired with quality photos, while ensuring the enhancement of present inventory.
- Tripled the company's online reach and presence by adding a social media presence on Google, LinkedIn and Facebook.
- Led new agent sign ups and onboarding along with accompanied field visits with customers.
- Generated and qualified about 400 leads a month through direct and digital marketing platforms.
- Increased repeat business opportunities and retention rates by offering exceptional customer service.

EDUCATION

| | | |
|-----------------------|---------------------------------------|-----------------|
| Providence, RI | Johnson & Wales University | May 2012 |
|-----------------------|---------------------------------------|-----------------|

- B.S in Entrepreneurship and Marketing (GPA: 3.67)
